Providing key skills from production to execution

The talent to meet the
unique needs of a constantly
changing sector

We're helping our clients make the most of their mineral resources, providing the skilled workforces you need to maximize your output in a safe and productive environment.

Competentia is more than a staffing company; we combine our long experience in the industry with a continuing commitment to innovation, to provide a different level of service.

We offer strategic staffing solutions ranging from recruitment and onboarding to training, payrolling and mobilizing your human capital.

Above all we offer the expertise, experience and integrity to bring you genuine peace of mind as you manage one of the most challenging aspects of the modern technical market place.

Join us. Experience the difference.
